Mrs. Ann Crawford, of Detroit, Mich., is visiting her brother, Chas. Martin, and her sister, Miss Mary Martin. Mrs. Crawford had not met her brother and sister and other relatives here in forty-five years. The meeting was an occasion of great pleasure and rejoicing.

The idea prevails that the postmaster regulates the time of payment of box rents at the post office. This is an error. We are governed by specific regulations in this matter as in all other matters pertaining to postal affairs. If your box is closed on account of non-payment of rent, it is not the fault of the post master.

G. E. MUNS, P. M.

Loutre Baptist church, west of this city seven miles, held an all day meeting last Sabbath and served a most excellent dinner on the ground. The attendance was large and everybody seemed to enjoy themselves. The morning sermon was preached by Rev. Emmett Cole and the afternoon sermon by Rev. T. M. Green, both of this city. Several people of Montgomery went out and enjoyed their trip.

## It's Up To Montgomery City.

If we want the shoe factory, and will raise \$50,000.00 to secure its location here, we can have it. Two representatives of the Brown Shoe Co., Messrs. Theis and Pew spent Monday and Tuesday of this week here and accompanied by our committee, Messrs. Worley and Paul, visited all the surrounding towns as well as Montgomery. The Board of Directors of the Shoe Co. left the decision with their committee and before they left here they decided to locate the factory here upon the conditions being complied with. Mr. Worley says he has no doubt that our citizens will raise the \$50,000.00 required and that the shoe factory will be a reality in the near future. The Brown Company say that just as soon as the money is raised they will begin work on the plant, and that they hope to have it running with a force of 400 hands within a year. The proposition is now up to Montgomery. What are you going to do about it?

## Ice At Wholesale.

The Montgomery Ice Plant is now in a position to furnish ice at wholesale. Address, D. H. MCCARTY, Montgomery City.

## School House for Colored Children

Last Saturday a special election in the Montgomery City school district was held and by a two-thirds vote it was decided to build a new school house for the colored children to cost \$1500.00. There were eighty-six votes cast for the proposition and twenty-four votes against it.

## Colored Old Settlers.

On Saturday August 10th the Colored Old Settlers of this county will hold their 17th annual reunion at Sleigh's Grove, one mile south of this city. Arrangements are being made for a big day and a good time.

## Advertised Letters.

Following is a list of letters remaining unclaimed in the post-office at Montgomery City, Mo., June 29, 1907, and if not called for within two weeks will be sent to the dead letter office:

L. L. Anderson; Will Doolie; James Horton; H. B. Panons; Mrs. C. Poulard; W. S. Robertson; W. W. White.

G. E. MUNS, P. M.

Chas. Muns came down from Kansas City Sunday to visit relatives and friends.

Ben Adams came up from St. Louis Wednesday and spent several days with friends.

Rev. T. M. Green, pastor of the Baptist church, will preach in Jonesburg, morning and evening, next Sunday.

Quite a large crowd from the place and adjoining vicinity attended the celebration at Martinsburg the 4th.

Rev. Hay Belle was in Montgomery Saturday en route to Mineola where he begun a protracted meeting Sunday.

There will be no preaching services at the Baptist church next Sunday. Sunday school at 9:30 as usual. B. Y. P. U. at 7:15.

Attorney W. A. Lafferty passed through Montgomery Tuesday en route to Middletown from Washington D. O. He now resides in Oregon.

## Ice Cream Social.

The Junior League of the Methodist Church will give an Ice Cream Social at the Court House Yards on Friday evening July 12, Everybody invited.

At the Methodist church next Sunday at 11 a. m. the pastor will preach a sermon on Christian Education. This great subject of Christian Education is before the church today with greater prominence than ever before. The Children's Day exercises will be held in the evening at 8 o'clock. This service will be in charge of the young people. The public is invited to all our services. We will strive to do every one good.

## Horse Thieves at Work

It is thought by the officials of this and adjoining counties, that there is an organized band of horse thieves operating in this vicinity. On the night of June 27 1907, a bright, sorrel horse weighing about 1250 lbs., 16 hands high, 7 years old and with a white stripe on its face was stolen from C. L. Rodgers. Mr. Rodgers offers \$75.00 reward for the recovery of the horse and the capture and conviction of the thief or thieves.

Sheriff Earnest was notified at once and he telephoned and wired in all directions, as well as mailed circulars offering a reward. The thief and horse were traced as far as Bowling Green, where the trail was lost. It is the opinion of the officials, that the fellow is in hiding with the horse in the hills near Louisiana.

On June 17 a horse was stolen at Pendleton and nothing so far has been heard of the horse or the thief although a substantial reward was offered and is still standing.

Last Tuesday afternoon a suspicious character was noticed hanging around a pasture south of town, where several good horses were kept. At night the sheriff and deputy sheriff were notified, they went out but they could not find the fellow. Later in the night after the officials had returned to town he returned to the pasture and J. A. Robinson, who had remained on watch, ordered him to halt. The fellow broke and run and Mr. Robinson fired three shots at him, but he made good his escape.

It is thought that vigorous measures will have to be taken to put an end to horse stealing in this vicinity.

## A Memorable Day.

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness and keep the bowels right. 25c. at Crump & Kidwell, drug store.

## Mo. University Medical Department.

Information from Columbia is to the effect that the final arrangements are practically completed whereby the last two years of the work of the Missouri State Medical College will be transferred to St. Louis. Present plans being successful, the result will probably be the largest and best supported Medical College in Missouri. The assimilation of the Barnes Medical College and Hospital by the University, and the associating of this plant with that at Columbia, make possible the giving of the last half of the Medical Course in St. Louis where the clinical facilities are greatest, and the first half in Columbia, where there are all the advantages of a great University in a small town.

The new arrangement, decided upon Saturday morning, is the result of the acceptance by the Board of Curators of the generous offer of Dr. Pinckney French and his associates of Barnes Medical College and Centenary Hospital. Thus the University of Missouri acquires as a gift these institutions estimated to be worth much more than \$300,000. The new arrangement will not go into effect until September, 1908. The laboratory years, Freshman and Sophomore, will continue to be taught as heretofore in Columbia, no change at all being made in these years, nor will the maintenance of Parker Memorial Hospital in Columbia be affected.

From being the weakest department of the University the Medical College, as a result of this movement, is apparently to become in a short time the first College of Medicine west of the Mississippi River.

## JOYS OF A COLLECTOR.

Occasionally He is Able to Snap Up a Prize.

Collecting will always have its romances. I know of one that occurred as recently as the sale at Christie's of the effects of the late Sir Henry Irving. Some one I know had been to see the collection before the sale. He came across a portrait with which he was familiar, because he had seen it 30 years before. On consulting his catalog he discovered that the portrait was described as being that of a man unknown, and, further, the artist was also unknown. Now he knew that the portrait was that of a famous actor by a famous English painter. He longed to buy it, but decided that it would go at too high a price. He went to the auction with very little hope. The Whistler and the Sargent were sold, and then it was the turn of this picture. Nobody recognized it. Finally he had to start the bidding himself, and this he did. Only one man bid against him, but he soon stopped, discouraged, and then the picture was knocked down to the man who had never expected to get it. He hurried to the desk to pay the small amount and to carry off his prize. "Do you happen to know anything about that portrait?" the auctioneer asked him, as a porter took it down to a cab. "I know it very well," said the new owner, conscious that it was now safely his property. "It is a portrait of Buckstone, the actor, by Daniel Maclise. There is an engraving of it in the Maclise Portrait Gallery."—Mrs. John Lane, in Pearson's Magazine.

## Light from Sugar.

Starlight, sunlight, moonlight, gaslight, lamplight, candle light, electric light and now sugar light. A phenomenon whose cause has not as yet been satisfactorily explained recently was observed by an expert during the course of certain experiments. Disks of loaf sugar were mounted on a lathe and rapidly rotated while a hammer played lightly against them. An almost continuous radiation was thus produced from the sugar. It was shown that the light did not arise from heating the sugar, and it is believed to have been caused by some change having taken place in the sugar crystals. The act of crystallization is known to be accompanied sometimes by flashes of light. The practical bearing of these experiments is on the question of obtaining artificial light by methods as yet untried.

## A Big Task.

The French government has entrusted to Mme. Laurence Fiedler, of Paris, a mission to make an exhaustive investigation into the social and industrial conditions of women and children in America. The purpose of her work, Mme. Fiedler says, is to raise the standard of women's wages in France as well as the social standard of her country women in every department of industrial and commercial work.

## Shrewd Barber.

"That barber seems to be doing a great business."  
"Yes, he has invented a hair tonic that smells exactly like gasoline."  
"Why, I don't see the idea—"  
"Don't you see? His patrons acquire an odor which enables them to give the impression that they own automobiles."—Philadelphia Press.

## First in M. A. Hanna Chair.

A. R. Hatton, of the University of Chicago, has been chosen the first incumbent of the M. A. Hanna chair of political science in the Western Reserve university. The chair was established by friends of the late Senator Hanna soon after his death.

## To Improve Russian Ports.

The Russian government intends to carry out a series of work connected with improving the conditions and general facilities of the leading ports in European Russia. A start is to be made in the port of St. Petersburg, and then either the port of Libau or the new port of Windau, both in the Baltic provinces, will be taken in hand. Afterward the authorities will deal with the ports of Archangel, Odessa, Batoum and Astrakhan.

## Not What He Wanted.

"I am selling a new burglar alarm," said the gentlemanly agent. "Can I interest you in it? This contrivance will fix it so that everybody will be awakened the moment a burglar steps inside the house. It can't—"  
"I don't want it. If you have any kind of a contrivance that will keep my wife from waking up when burglars break in, come around and I will talk business with you."

## Professional Pride Touched.

The municipal graffer had made a full confession.  
"Don't you feel better now?" they asked him, kindly.  
"Well," he admitted, "I'm a little sore to find that I went cheaper than some of the other fellows."

## Death of Mrs. Russell

Mrs. Sarah Frances Russell, daughter of Mr. Willis Jones, who was married to the late Jno. W. Russell, December 16, 1870, died at half past ten Sunday night, June 30, 1907 at the home of her daughter, Mrs. Geo. Britt, age 56 years, 6 months and 3 days. She suffered intensely the past month with a carbuncle on her neck and kidney trouble.

The funeral services were held in the M. E. Church Wednesday morning at 9:30, Elder Elkin officiating. Remains were taken to Vandalia, Mo., to be buried by the side of her husband and children.

She has been a faithful member of Primitive Baptist church for about 30 years. Most of her life has been spent in Montgomery county. She leaves one sister, Mrs. Chas. Russell, of Montgomery City, five brothers; Noah Jones, Montgomery City; Louis Jones, Higginsville, Mo.; Geo. Jones, Alliance, Nebraska; B. F. Jones, Colorado, and Jesse Jones, Kansas, and four daughters, Mrs. J. K. Moore, Thomas, Okla.; Mrs. Geo. Britt, Montgomery City; Mrs. A. B. Keadle, Wright City, Mo.; Mrs. C. E. Hairrell, St. Louis, and four grandchildren and many friends to mourn her death.

## Wellsville Bank Cashier Weds.

Miss Ruby Spitzhirm, daughter of Mr. and Mrs. Charles Spitzhirm of Wellsville was married Saturday at the home of her parents to Thos. K. Shelby, cashier of the Wellsville bank and a son of former State Representative Shelby of Lafayette county. Miss Arlin Eidson Shackelford, daughter of Mr. and Mrs. Robert Shackelford of Clayton, was maid of honor and George Kerdoif, of Lexington, was best man. The ceremony was performed by Rev. C. A. Mitchell of Mexico, after which the couple, accompanied by Miss Shackelford and Miss Carrie Creveling, of St. Louis, departed for Clayton, where they were tendered a reception at the country home of Mr. and Mrs. Shackelford. They will go south on a bridal tour. They will make Wellsville their home.

## An Excellent Ball Game.

Last Sunday at Brandt's Park the combination Wellsville-Shamrock base ball team contested for honors with our boys. It was one of the best games played on the grounds this year and was especially interesting as both teams were composed of Montgomery county boys. The score was 5 to 3 in favor of Montgomery.

Wells and Armstrong were the pitchers for the visiting team and they pitched an exceptionally good game. The Wellsville-Shamrock boys put up an unusually good game. With the exception of the second innings Montfamey showed a good game. In the second by the aid of a double, 2 singles and 2 errors the visitors made 3 runs. After that Montgomery did not allow their rivals to score, and were never in danger. The feature of the game was a difficult catch by Dungan.

There will be no game here next Sunday. On Sunday, July 13th, our team will play the Runkel's of St. Louis.

## Prairie Milling Company.

The Prairie Milling Co., of this city, has purchased the Roller Mills at Wellsville, of Fred Blattner and have taken possession. Clay Marlow, of whom the Optician speaks as follows, will take charge of the mill.

"Clay Marlow, an expert miller, will have charge of the mill. He will move with his family to Wellsville as soon as he can get a house for his family. Mr. Marlow, whom the writer has known ever since a boy, is one of Montgomery's best citizens and we are glad to have him and family become citizens of Wellsville."
